Announcement

At this time, when the world is filled with turmoil, and the government is regulating speculative industries of all kinds, it is our treat to present a product that makes a pleasing occupation and so necessary that government regulations are supporting better beef, rather than trying to control its population.

There are no footnotes in this catalogue. Owing to the fact that we have saved some calves for replacement in our herd, we have had to add some outside heifers to supplement this year's calf sale. These cattle are a useful lot, the kind any farmer or breeder can use to fill in or improve his herd.

We hope you will be as proud of their ownership as we are to present them to our friends, guests, and anyone interested in beef cattle.

GUARANTEE—All bulls are guaranteed breeders when not used before 12 months of age.

All females are guaranteed breeders when not served under 16 months of age.

If an animal fails to breed, we must be notified within three months of date of sale and we reserve the right when so notified to have the animal returned to us for further trial. If it then fails to breed the purchase price will be returned, but if the animal breeds for us it will be returned to the purchaser at his expense.

All animals returned for trial must be in as good condition as when sold. No animals will be accepted for retrieval from unhealthy herds.

Breeding dates will be announced sale day.

HEALTH—Our herd has passed a negative test for Tuberculosis and Bangs disease within 30 days of this sale and health certificates will be furnished to comply with shipment to the destination of each animal sold.
